

Centre Ridge AAP/Enrichment Update

Valerie Carter, Advanced Academic Resource Teacher

The school year may have started off differently this year, but our Centre Ridge Rams have done a fantastic job with joining their virtual classrooms and building relationships with their teachers and classmates! My name is Valerie Carter and I am the Advanced Academic Resource Teacher (AART) at Centre Ridge. My role as AART is to support the implementation of the continuum of Advanced Academic Services. We screen all students for services and are consistently collaborating to ensure that all students receive the levels of service that best meet their learning needs. We believe in offering opportunities for creative and critical thinking and periodic opportunities to use advanced academic curriculum to **ALL** children, and teams are monitoring students at each grade level so that every student has access to appropriate and challenging instruction. Screening for Advanced Academic services is also an important part of my role at CRES. Look for further information regarding screening deadlines and procedures in future newsletters. If you have any questions about Advanced Academics, my email address is vmcarter@fcps.edu.

Virtual Parent Information Meetings

A virtual AAP parent information meeting will be held on **October 8, 2020 at 6:00-7:00pm**. During this meeting, Mrs. Carter, AART, will provide an overview of the levels of Advanced Academic services and examples at Centre Ridge. Stay tuned for further information about joining this meeting. Additionally, we will host a second virtual parent information meeting on **October 27, 2020 at 6:00-7:00pm** to discuss the screening process for both part-time school-based services and full-time Level IV services.

ADVANCED ACADEMIC PROGRAMS (AAP) ELEMENTARY CONTINUUM OF SERVICES

Fairfax County Public Schools (FCPS) offers a continuum of advanced academic services for all students in Grades K-8. Learning experiences are designed to develop higher-level thinking through enrichment, acceleration, and extension of the Virginia Standards of Learning (SOLs). Teachers, administrators, and Advanced Academic Resource Teachers (AARTs) work together to provide the following levels of services. A video showing each level of service in action, as well as information about middle and high school services, are available at <https://www.fcps.edu/academics/elementary-school-academics-k-6/advanced-academics>.

- **Critical and Creative Thinking Lessons, Grades K-6 (Level I)**
Level I services are provided to all students in Kindergarten through Grade 6. Level I services includes teaching students to use critical and creative thinking skills to process content. It also includes periodic opportunities to use advanced academic curriculum throughout the year. Student responses to these lessons are used as part of the identification process for Levels II-IV. Parents may practice the nine strategies during family conversations and activities. Descriptions and videos of the nine critical and creative thinking strategies can be found at <https://www.fcps.edu/academics/elementary-school-academics-k-6/advanced-academics/critical-and-creative-thinking>.

Because Level I services are for all FCPS students, there is not a screening process.

- **Differentiated Lessons in Areas of Academic Strength, Grades K-6 (Level II)**
Level II services are available for students in Kindergarten through Grade 6 for students with strength in a specific subject area. The AART collaborates with classroom teachers to provide additional challenges using materials from the AAP Curriculum Framework for Levels II-IV to extend and enrich in the subject area strength. Screening for this level of service is ongoing throughout the school year. Multiple criteria are used to screen for this level of service and decisions are made at the local school level.

To have your student screened for Level II services, complete the AAP School-Based Referral Form available at <https://www.fcps.edu/node/38893>.

Part-Time Advanced Academic Programs, Grades 3-6 (Level III)

Level III services are available for students in Grades 3-6 who are eligible for part-time direct services from the AART. Students are identified by a screening committee at the local school. The AART uses materials from the AAP Curriculum Framework for Levels II-IV in the four core subject areas through either a weekly pull-out class or weekly co-teaching model with the classroom teacher. Screening for this level of service is ongoing throughout the school year. Multiple criteria are used to screen for this level of service and decisions are made at the local school level.

To have your student screened for Level III services, complete the AAP School-Based Referral Form available on the Forms page: <https://www.fcps.edu/node/38893>

- **Full-Time Advanced Academic Programs, Grades 3-8 (Level IV)**

Level IV services are available for students in Grades 3-8 who are found eligible through a central selection process. Eligible students use curriculum from the AAP Curriculum Framework for Levels II-IV in the four academic subject areas on a full-time basis.

Multiple criteria are reviewed to determine eligibility for all FCPS advanced academic services. The countywide central selection committee determines eligibility for full-time AAP Level IV placement.

Screening for Level IV services occurs during specific screening cycles:

- Fall screening is held for students who are **NEW** to FCPS and have been referred
- Spring screening is held for any FCPS-enrolled student who has been referred

Due to the volume of files screened centrally for Level IV services, deadlines are strictly held.

- A referral form may be turned in from the first day of school until the published deadline.
- The referral deadline is **October 8, 2020** for students who are **new to FCPS** and **December 1, 2020** for students who are not new to FCPS this school year.
- The referral form is available on the Forms page: <https://www.fcps.edu/node/38893>

Additional information about the holistic screening process and information used for screening can be found at <https://www.fcps.edu/registration/advanced-academics-identification-and-placement/current-fcps-students>.

Middle and High School AAP

Additional information about middle and high school services may be found on the Advanced Academic Programs web page:

- Middle School: <https://www.fcps.edu/academics/middle-school-academics-7-8/advanced-academics>
- High School: <https://www.fcps.edu/academics/high-school-academics-9-12/advanced-academics>

Ability Testing

For current information on ability testing, please visit the Testing and Identification Timeline at <https://www.fcps.edu/registration/advanced-academics-identification-and-placement/current-fcps-students/testing-and>.

Students must have one ability test score to go through the Level IV screening process.
